

Jump Start into 2nd and 3rd Grades 2022

Jump Start into 2nd/3rd Grades 2022

We are excited that your child will be joining us at school this fall and want to give them a **jump start!**

To help your child, we have created a summer read aloud calendar and some simple activities that will support your child as they enter school in the fall. We have included five books for each week, Monday - Friday. Feel free to watch the books in any order and re-watch favorites as often as your child likes.

There are three ways to access the stories:

1. Click on the title of the book. (electronic calendar)
2. Click on the picture of the book. (electronic calendar)
3. Scan the QR code with your phone or tablet. (electronic or paper calendar)

How to scan a QR code:

1. Open the Camera app from the Home screen, Control Center, or Lock screen.
2. Select the rear facing camera. Hold your device so that the QR code appears in the viewfinder in the Camera app.
3. Tap the notification to open the link associated with the QR code.

Activities

- Get a library card
- Have your child tell you what they think this book might be about based on the cover
- Ask your child what their favorite part of the story was and why
- Ask your child what happened at the beginning, middle and end of the story
- Have your child draw/tell what happened at the beginning, middle and end of the story
- Have your child retell the story to someone including the beginning, middle and end
- Have your child tell you 3 things they learned from the book
- Play hopscotch and skip count by 2's, 5's and 10's while your child is jumping
- Take a walk around the neighborhood and look for different shapes
- Jump rope and skip count by 2's, 5's, and 10's
- Find 20 of the same object and sort into groups of 2's, 4's and 5's and count the groups
- Roll 3 dice and clap, hop, or jump the number of times that match the dice. By changing the action your child uses to show you the number, the longer they will stay engaged
- Take a piece of paper and fold it into halves, then 4's--open up the paper and have your child notice how the squares are the same size

Enjoy this time with your child as they learn and grow!!

June Jump Start Into 2nd/3rd Grade 2022

Monday	Tuesday	Wednesday	Thursday	Friday
