August 2013

Dear Goodrich Parents or Guardians:

The attached information entitled, "Understanding Concussion" is provided to you in compliance with Michigan Public Acts 342 and 343 of 2012. School districts and sports-related organizations must provide educational materials about concussion awareness and the nature and risks of concussions to each student and parent/guardian. According to the laws, a signed acknowledgment form from parents or guardians regarding the reception of the Concussion Awareness information must be returned to the school and kept on file until the student involved reaches the age of 18.

We all understand that this is a very busy time of the year as school and extracurricular activities begin again. But taking a few minutes to read the Understanding Concussion document, signing the second page and having your children sign as well, and returning the second page to the school secretary will take one thing off of your "To Do List" and allow your child to participate in school sports activities, Physical Education classes, field day activities, etc.

Please feel free to contact your child's principal or my office with any questions about Public Acts 342 and 343.

Sincerely,

Scott Bogner
Superintendent of Schools
