Student

I have read the **Transportation Policy on the district website** and I have asked my parents, or bus driver to explain anything I did not understand. I agree to keep my bus safe by following the rules and responsibilities listed in the **Bus Rules and Regulations**. I understand that when I follow these safety rules I help keep my friends, bus driver and myself safe while I travel on the bus. I also understand that violation of these rules may result in consequences up to and including suspension or loss of my bus privileges.
